 WOT 15 inch DD coil for Explorer

Weight 2lbs.

MORE Power Solutions Voltage Regulators

A. **ba-12vsc** • Smart Charger 12v batteries
 B. **ba-deac** • Inverter allows use of Smart Charger, or other small AC items, in car.
 C. **ba-acdc** • act to dc converter use your standard Minelab car charger in your home.
 D. **ba-cdc** • 12 volt "incar" battery charger
 E. **ba-12v5a** • 12 volt 5 amp battery 3.5lbs.
 F. **ba-12v7a** • 12 volt 7.2 amp bat. 5.3lbs.
 G. **ba-gpvr** • Voltage regulator for GP's-12 volt to constant non-fluctuating 6.7 volts
 H. **ba-sdvr** • Voltage regulator for SD's-12 volt to constant non-fluctuating 7.3 volts.

cl-510jsd
 JOEY Coil for Sovereign

cl-510jxpd
 JOEY coil for Explorer comes with coiled end like stock coil.

Excellent in trash, rivals stock coil for depth

DOC'S Step Up Voltage Regulator & in-line VOLT/AMP meter AMAZING!!
 Step up your regular Minelab 6 volt battery to 7.2+ volt output for your SD machines, without voltage booster regulator!

A. **ba-sur** • 6 volt to 7.2+ volt step up regulator for SD machines only. Keeps constant voltage until battery drops to 5.6v. Low battery warning light. 1 hour detecting for each amp hour the battery is rated for. 1.2amps=12 hours

B. **ba-ilm** • In-line voltage meter, measures voltage of batteries as well as amp draw while under load! AMAZING! This is a must have tool!
